

HARSHIT JOSHI New Delhi, India

(+91) 991 026 8058 | josharshit@gmail.com | github.com/duskybomb | [linkedin.com/in/harshitjos](https://www.linkedin.com/in/harshitjos) | harshitjoshi.in

EDUCATION

Cluster Innovation Centre, University of Delhi
Bachelor of Technology (B. Tech)
Information Technology and Mathematical Innovations

July 2017 - August 2021
Overall Percentage: 87.88%
Department Rank: 2

INTERESTS

NLP, Computational Social Science, Information Retrieval, Deep Learning, Statistics

RESEARCH EXPERIENCE

Multimodal Digital Media Analysis Lab (MIDAS@IIITD)
Researcher

May 2020 - April 2021
New Delhi, India

- Built Deep Learning NLP models for social good, focusing on contextualizing users posts on social media (Twitter, Reddit)
- Proposed interpretable models for suicide ideation detection and analyzed emotional changes of users over time.

Defence Research and Development Organisation (DRDO)
Research Intern

June 2019 - October 2019
New Delhi, India

- Used CityScape Dataset for Image Segmentation through the PyTorch implementation of DeepLabV3+
- Fine-tuned the Image Segmentation model for two classes: void space and obstacle for the cognitive navigation and mapper.

PUBLICATIONS

* Co-First Authors

H. Joshi*, R. Sawhney*, A. Nobles*, and R. R. Shah. *Towards Emotion-and Time-Aware Classification of Tweets to Assist Human Moderation for Suicide Prevention*. In International AAAI Conference on Web and Social Media 2021.

H. Joshi*, R. Sawhney*, R. R. Shah, and L.Flek. *Suicide Ideation Detection via Social and Temporal User Representations using Hyperbolic Learning*. In North American Chapter of the Association for Computational Linguistics 2021.

H. Joshi*, R. Sawhney*, L.Flek, and R. R. Shah. *Phase: Learning Emotional Phase-Aware Representations for Suicide Ideation Detection on Social Media*. In European Chapter of the Association for Computational Linguistics 2021.

R. Sawhney, **H. Joshi**, S. Gandhi, D. Jin, and R. R. Shah. *Robust Suicide Risk Assessment on Social Media via Deep Adversarial Learning*. In Journal of the American Medical Informatics Association 2021.

R. Sawhney, **H. Joshi**, S. Gandhi, and R. R. Shah. *Towards Ordinal Suicide Ideation Detection on Social Media*. In ACM International Conference on Web Search and Data Mining 2021.

R. Sawhney, **H. Joshi**, S. Gandhi, and R. R. Shah. *A Time-aware Transformer based Model for Suicide Ideation Detection on Social Media*. In Conference on Empirical Methods in Natural Language Processing 2020.

PROFESSIONAL EXPERIENCE

Supedio GmbH
Software Developer - Project Lead: Artificial Intelligence

August 2021 - Present
Germany

- Working on biomedical product entity linking for matching hospital's clinical orders in the supplier's product catalog.
- Built automation tools for the sales team, reducing person-hours employed per day by 400%.

Supedio GmbH
Software Engineering Intern

January 2021 - June 2021
Germany - Remote

- Engineered heuristics for extracting financial data from tables of digital invoices, orders, delivery notes.
- Built algorithmic pipelines for address deduplication, finding 18% duplicates in client's "processed" database.

Cronycle Ltd.
Software Engineering Intern for Data Science

January 2019 - July 2019
U.K. - Remote

- Migrated batch jobs for retrieving RSS to live at production scale using Kafka and Elasticsearch, reducing latency by 5 min.
- Increased RSS collection dump by 10% by identifying new data sources and processing them to MongoDB.

Google Summer of Code 2018
Student Developer at Debian Project

April 2018 - August 2018
Remote

- Improved Tesseract-OCR integration and increased code coverage by 16% by adding tests for functions.

- Developed a GUI application for three major OS (Linux, macOS, Windows) using Python and PyQt and setting up CI/CD.

TECHNICAL STRENGTHS

Computer Languages	Proficiency: Python, SQL, Familiar: JAVA, R, C/C++, Go
Software & Tools	PyTorch, OpenCV, MySQL, MongoDB, Git, Elastic Search, PostgreSQL, Flask Apache Airflow, Apache Kafka, Apache Spark

NOTABLE PROJECTS

Content Based Video Retrieval System <i>Semester Long Project</i>	Prof. Dr. Shobha Bagai <i>January 2019 - Present</i>
---	---

- Divided movie trailers into different scenes using PySceneDetect and evaluated image captioning models on still frames.
- Implemented Deep Learning models to retrieve video clips from natural language on TaCoS dataset [Link]

Cognitive Mapping and Planner for Navigation <i>Defence Research and Development Organisation</i>	Scientist. S.P. Mishra <i>June 2019 - October 2019</i>
---	---

- Worked on the navigation of bot in the Gazebo environment.
- Used CityScape Dataset for Image Segmentation and used the features in the Gazebo environment
- Built an algorithm for depth perception using image segmentation results and creating disparity maps.

Strategizing Fantasy Football <i>Probability and Statistics</i>	Dr. Sonam Singh <i>March 2019 - April 2019</i>
---	---

- Created new visualizations and performance metrics for better analysis of players' points per game output.
- Used Gradient Boosting Trees, Stochastic Gradient Regressor, and Linear Regression to regress points scored against 32 features engineered through priori.

POSITION OF RESPONSIBILITY

Govt. of India's Institutions Innovation Council <i>Student Coordinator</i>	November 2018 - October 2019 <i>University of Delhi</i>
---	--

- We achieved a 4-star rating, given by MHRD, Govt. of India
- Lead a team of top 10 innovators, who oversee the innovations across Delhi University.
- 10 teams were shortlisted for the Regional round from our council, which is the most from any University.

HashInclude - Computer Science Society <i>External Affairs</i>	August 2018 - August 2019 <i>Cluster Innovation Centre</i>
--	---

- Spearheaded a team of 40 people to conduct professional shows, exhibitions and talks successfully
- Conducted workshops on Open Source Development and Linux 101
- Organised two State-level student Hackathons with more than 500 participants.

AWARDS AND ACHIEVEMENTS

Received Honorable Mention at 2020 **COMAP's** Mathematical Contest in Modeling (MCM). **Only team from India** to get Honorable Mention.

Invited to give a talk at **PyData Delhi Conference 19** on "Quantitative Finance with R"

Member, Football Team, Cluster Innovation Centre. Reached 2nd round of **Reliance Youth Sports 2019** in our inaugural year of participation.

Mathematical Finance Scholar under Focus Areas in Science and Technology **Summer Fellowship 2019**

Google Summer of Code 2018 with Debian Project

Qualified for **ACM-ICPC 2018** Kolkata Kanpur Site contest held at UIET Kanpur

VOLUNTARY SERVICES

Member of Programme Committee CA2MH workshop at ICML 2021

Student Volunteer at EMNLP 2020, EACL 2021, ICWSM 2021
